BINGO Acronym

B - Business Impact: Revenue, uptime, safety, and customer delivery risk.
I - Incident Risk: Likelihood of a disruptive event (OT/IT, ransomware, vendor).
N - Near-Term Urgency: Deadlines, active vulnerabilities, and time-bound commitments.
G - Governance/Compliance: Audit findings, regulatory deadlines, and board visibility.
O - Operational Readiness: Ability to execute now (resources, change windows, dependencies).

How To Use

- Score each item 1-5 for each letter (total 5-25).
- Fast-track if total >= 20 or any 5 in B/I/G.
- Defer if total < 12 unless mandated by leadership or regulation.
- Use tie-breakers: WSJF (Cost of Delay / Job Size) or Impact vs. Effort.

Scoring Table

Letter	1 (Low)	3 (Medium)	5 (High)
B			
I			
N			
G			
O			

Example

- Project: OT remote access hardening at a flat roll mill
- B: 5 (uptime and safety exposure)
- I: 4 (remote access is a common incident vector)
- N: 3 (change window within 60 days)
- G: 4 (audit or board visibility)
- O: 4 (controls and resources available)
- Total: 20 -> Fast-track
